

University of the Pacific Hearing & Balance Center

757 Brookside Road • Stockton, CA 95211 • (209) 946-7378

The Pacific Hearing & Balance Center is located on the **2nd floor of the Chan Family Health Sciences Learning Center** (*not to be confused with the dormitory, “CHAN FAMILY HALL”*). Our clinic is on the north end of the building (opposite of the dental clinic). Please enter the building through the southwest entrance of the building (marked with a ★ on the map above). There is an elevator located near the southwest entrance, just past the stairs, if needed.

For your convenience, there are designated clinic/patient parking spaces available on the 3rd row of the parking lot (marked in yellow above on the map). All clinic spaces are outlined in yellow on the ground and are located on west side of Chan Family Health Sciences Learning Center. If the clinic/patient parking spaces are filled, you may park in any “B/N” permit parking space (also located on the west side of the building).

Please **DO NOT** park in “A-Permit” parking (located on the north side of the building), “Visitor” or “30-Minute” as you will receive a parking ticket.

****Even if you have a handicap placard or license plates, you DO need a clinic permit, but can still park in any handicap space in the lot. Please be sure that your placard/plates are current and visible to avoid a parking ticket.**
